Room 214 is back again this year with their very first podcast.

### ROOM 214'S AMAZING HAIKU

The students of Room 214 have already begun their

technological adventures to support our curriculum.

After studying the Japanese Poetry form of Haiku, they

illustrated their writing, created a script, practiced reading their poems, and recorded their first podcast of the year. You can easily link to it from the School District's webpage. Just follow this link: <http://podcast.phila.k12.pa.us>

. Once there, look for our school name, click on our

podcast title, sit back, and enjoy! Note this is an enhanced podcast,

which means it has images along with the audio! Each student's personal illustration accompanies her/ his poem. For a written version of their haiku, visit our WIKI- <http://msbeckersclass.pbwiki.com>
